

**TIME CHANGE: NOW MEETING AT 2:30PM!**

# Speak Out for the PEOPLE'S PRIORITIES

**Saturday, October 15th at 2:30pm**

**Newton Green**  
**Spring Street & Rt. 206, Newton, NJ**

On October 15th, local members of the American Dream Movement, in partnership with the Northwest NJ Progressive Alliance, Northwest NJ MoveOn Council, New Jersey Peace Action, and NJ State Industrial Union Council will rally on Newton Green to demand a meaningful shift in our nation's priorities. In solidarity with actions taking place around the country, including Occupy Wall Street in NYC and Freedom Plaza in Washington DC, as well as peaceful demonstrations blossoming around the world, we'll call on our leaders to end the wars and invest at home. We'll

let our fellow Americans know we want real job creation, not cuts to vital social programs. We'll reaffirm our commitment to taking care of one another and our planet by pressing for universal healthcare and robust environmental regulation. Most importantly, we'll come together to show our community that we are strong in our diversity and united in our struggle for economic, social, and environmental justice. Speakers will include:
